2017

- International Workshop on Marine & Atmospheric Sciences in West Africa + Opening of the Ocean Science Centre Mindelo / Cabo Verde, Mindelo - 12 to 17 November 2017
- MARINETECH 2017 – Leixoes, PT

2018

- OSM 2018 (Portland, USA)
- Oi 2018 (London, UK)
- Jornadas de Engenharia Hidrográfica (Lisbon, PT)
- AUV 2018 (Porto, PT)
- EOOS Conference 2018 (Brussels, BE)
- Operational Oceanography Knowledge Transfer Conference 2018 (Las Palmas, SP)
- MARTECH 2018 (Porto, PT)
- Glider School 2018 (Las Palmas, SP)

2019

- Ocean Business 2019 (Southampton, UK)
- European Maritime Day 2019 (Lisbon, PT)
- EGO Meeting 2019 (New Jersey, USA)
- Meteorological Technology World Expo Conference 2019 (Geneva, SW)
- OCEANS IEEE MTS 2019 (Marseille, FR)
- OceanObs 2019 (Hawaii, USA)
- EuroGOOS Integration Workshop (Brussels, BE)
- Glider School 2019 (Las Palmas, SP)
- ESTOC 25 Years Conference (Las Palmas, SP)
- MARINETECH 2019 (Lisboa, PT)

2020

- Ocean Sciences Meeting 2020 (San Diego, USA)
- ICOS Science Conference (online)
- IEEE AUV 2020 Conference (online)
- Estado actual y perspectivas en el uso de embarcaciones autónomas y drones marítimos (online webinar)
- All-Atlantic Summit on Innovation for Sustainable Marine Development and the Blue Economy (online)
- Connectivity in Sensors: How precision accuracy is enabling innovation in Autonomous Technology (online webinar)
- Towards more automation and autonomy in inland navigation logistics (online webinar)
- EOOS Technology Forum (online)
- Jornadas de Engenharia Hidrográfica (Lisboa, PT)
- 2nd International Ocean Governance Forum – Webinar Series (online)

2021

- Ocean Visions Talks Webinar Series: AARC (online)
- Atlantic Regional Initiative PDR – Webinar Series (online)
- "Smart and Uncrewed Shipping" - ESA Business Applications (online)
- EU International Ocean Governance Forum 2021 (online)
- WT Webinar: "Towards more automation and autonomy in inland navigation logistics (online)
- MCEDD 2021: Subsea technologies and the future of deepwater ops (online Conference)
- "ATLANTIC OBSERVATORY – DATA AND MONITORING INFRASTRUCTURE": Ocean Monitoring with Gliders | Steering Committee Meeting (online)
- Jornada "Sistemas no Tripulados en el Sector Naval y Offshore" (online)
- EuroGOOS General Assembly 2021 (online)
- All-Atlantic R&I for a Sustainable Ocean: Ministerial High-Level & Stakeholders Conference (Açores, PT)
- TransNav 2021 (online)
- MARTECH 2021 (online)
- OCEANS IEEE MTS 2021 (San Diego, USA)
- MTS TECH FORUM: INTELLIGENCE AND OBSERVATIONS: THE NEXUS OF UNDERSEA TECHNOLOGY (online)
- One Ocean Conference (Las Palmas, SP)
- EuroSea USV Workshop (online)
- Autonomous & Unmanned Solutions on Course to Net Zero (online)
- Ocean Business 2021 (Southampton, UK)
- BLUE EVENT - Drones aériens pour les usages maritimes (online)
- Glider School 2021
- MATS 2021 (Southampton, UK)

2022

- Oceans Sciences Meeting 2022 (online)
- Oceanology 2022 (London, UK)
- EOOS Technology Forum 2022 (online)
- FORWARD: TICs y sus aplicaciones en Investigación e Innovación (Las Palmas, SP)
- EuroGOOS Integration Workshop (Brussels, BE)
- EU Marine Data Services for the All-Atlantic webinar (online)
- EUMetNet workshop (online)
- All-Atlantic Ocean Research Alliance 2022 Forum (online)
- Autonomous Ship Technology Expo and Conference 2022 (online)
- Jornadas de Engenharia Hidrográfica (Lisbon, PT)
- UN Ocean Conference 2022 (Lisbon, PT)
- Semana administración Abierta 2022 (Las Palmas, SP)
- Networking Fridays Seminar Series: iFADO Miniboats (online)
- ISMS 2022 (Las Palmas, SP)
- Marine Robotics Summer School (online)
- IMO MASS Seminar (online)
- Multi-sectoral ocean architecture: Integrating new observing networks and business models (online)
- Glider School 2022 (Las Palmas, SP)
- Jornada Técnica sobre Buques Autónomos DGMM (Madrid, SP)
- MATS 2022 (Southampton, UK)
- AtlantOS Webinar Series: The Use of Autonomous Vehicles and High Technology for Ocean Observation (online)
- Jornada sobre “Buques autónomos. Retos y potencial” (Madrid, SP)

2023

- MTS Webinar Series – Dialogues with Industry. Looking ahead: New technology for the Ocean Decade (online)
- 8th Maritime Autonomous Systems Regulatory Working Group Conference (online)
- Oceanology Americas 2023 (San Diego, USA)
- Upscaling of Marine Autonomy: Community Consultation (online)
- OASIS Webinar Series: A Community of Practice for the Emerging Uncrewed Surface Vehicle (USV) network for the Global Ocean Observing System (GOOS) - online
- MCEDD 2023 (London, UK)
- EuroSea ASV Workshop (Las Palmas, SP)
- Ocean Business 2023 (Southampton, UK)
- OASIS Webinar Series: A Community of Practice for the Emerging Uncrewed Surface Vehicle (USV) Network for the Global Ocean Observing System (GOOS). The second webinar — USV for GOOS CoP – online
- Miniboats Canarias 2023 (La Palma, SP)
- Miniboats Canarias 2023 (El Hierro, SP)

A Multidisciplinary Community

The field of data science (computer science, ranging from the information sciences to the social, physical, and biological sciences to engineering and design)

Building a multidisciplinary community requires work by all of us

Collaborate and create knowledge that benefits all disciplines

The goal is to help us develop that we are all part of a growing multidisciplinary community, creating a new paradigm of understanding science and research
